## Join the Clean Marina Partnership

Boaters, marinas, boatyards, and boat clubs are invited to participate in a new voluntary initiative designed to help marinas with water resource protection and pollution prevention. The Clean Marina Partnership recognizes facilities that go above and beyond required environmental regulations in their pledge to clean water, improving operations, and boater education.

Share your success stories with others on the NY Marina Discussion Forum. Learn about grant funding opportunities and other assistance. Register at [www.goingcoastal.org](http://www.goingcoastal.org).

## Ways to Keep Marina Waters Clean & Healthy

Separate trash from recyclables.

Use leak proof trash bins with tight lids.

Install a pumpout.

Set up a fish cleaning station.

Do not dispose of fish waste in marina basin.

Assign a boat work area with spray booth.

Use non-toxic cleaners and paints.

Filter run-off with a vegetative buffer strip.

Keep catch basins clean.

Don't top off fuel tanks.

Report spills.
